

Attendance in Edsby for Parents

Edsby helps parents/guardians to inform their child's school of an absence quickly and easily right from their mobile devices (or from a computer). You will need an Edsby account.

Absent Today

If your child is going to be away the whole current day, click Absent Today to open the Planned Absence form.

Planning an Absence

Use the Plan an Absence button if a child will be absent at a time other than the current day or for multiple days.
