Pre-K at Pre-Cam

Thank you for your interest in applying to the Preschool/Pre-K Program. Pre-Cam Community School has 64 available seats, with 2 Pre-Kindergarten teachers who offer AM or PM sessions.

Each year, all students are placed by a selection committee. Placement requests from parents and caregivers will only be considered with appropriate documentation from a doctor or a specialist.

Since Preschool and Pre-K programs are meant to serve the most vulnerable students first, in the event that the number of applications exceeds the number of available placements, the following criteria for student selections must be considered:

1) Low economic status
2) Parents have less than a high school education
3) A language other than English is spoken in the home
4) Parent is young and unmarried
5) Parent(s) would benefit from a parent education component
6) Child displays social, behavioural, emotional, cognitive or communication challenges or delays
7) Family is committed to participation in the prekindergarten program
8) Child has had a traumatic experience

** Cooperative learning between children at different developmental stages benefits children both intellectually and socially. In addition, mixed-aged groupings relax the learning environment and age-appropriate expectations (Roopnarine & Johnson, 2005; Gerard, 2005; Edwards, Blaise & Hammer, 2009; Fosco, Schleser & Andal 2004). We are striving to have our classrooms reflect this in both locations.

Please Note:

- A student will attend the Preschool/Pre-K program closest to their daycare provider and must be living off reserve (eg. A student lives in La Ronge, but daycare is in Air Ronge, child must attend Pre-K in Air Ronge).
- Students entering Kindergarten next school year are first priority
- 3yr old's will be accepted based on the criteria above
- Students not accepted at first will be placed on a waiting list

All completed applications must be taken to Pre-Cam Community School.

Children's Dental Program

The Children's Dental Program delivers dental health education, diagnostic, preventive and limited restorative dental services to eligible children in the Health Region.

We strongly believe in preventive care. A major focus of the Dental Program is prevention of disease through activities such as tooth brushing/flossing instruction, preschool screening and fluoride varnish programs.

Services provided:

- Preventative services for all children which include screening, sealants, oral hygiene education, fluoride applications and selective polishing and scaling.
- Dental treatment (limited to restorative care for preschool, kindergarten, grade 1, grade 6 and grade 7 children).
- Emergency dental treatment for all children (treatment of pain and/or infection).
- Dental Health Education to schools and community groups.
- Referral to private practice dentists and dental specialists.

Services not provided:

- Routine complete examinations
- Routine dental treatment
- Orthodontics

Who is eligible?

- All pre-school children 0-5 (on and off reserve).
- All school age children 16 years and under, who reside in the Health Region and are not attending an on reserve school.
- Children whose parents have completed and signed the Children's Dental Program form on other side of this form and have returned it to the dental staff in their community.

Children will remain in the program until August 31st of the year they turn 17 unless withdrawn in writing by their parent/legal guardian. The program's clinical staff provides these services at no cost to the client.
